We're planning to have ____ issues this fiscal year (between June 1 and May 31). I understand that I'm supposed to have label requests and requests for postage into the NPPA national headquarters at least two weeks before I need them to make sure there are no misunderstandings about where things are to be shipped and when. Requests for expenditures of funds must be approved, in advance, in writing by the regional director.

Fiscal year begins June 1 _____ and ends May 31 _____.
